City Accepts Federal Grant Subject May Referendum On Water Works

The acceptance by the city of a federal grant of \$207,536 for secondary sewage treatment facilities and outfall sewer, and the controversy over the granting of a city peddler's license were the dominating topics at the Belle Glade city council meeting Wednesday night.

The council resolved to accept the grant before the May 18 deadline and passed a resolution to authorize the proper authority to sign the agreement whereby the federal government will pay approximately 30% of the total price for the secondary treatment plant and outfall sewer estimated to cost \$750,836.

The city had made application under Public Law 860 for the funds and City Manager Clarence Robinson was notified April 18 of the grant. The money will be used along with the two million dollars it was set in bonds in the water works referendum passes next month.

The \$750,836 is only a part of the proposed improvement plan.

City Manager Clarence Robinson explained that this figure was the cost of the outfall sewer, interceptor plant and lift stations. The remaining \$1,242,162 of the \$2 million sought in the referendum pays for the collection system for subdivisions which run into interceptor and outfall system.

In addition the amount covers legal fees, fiscal agents, engineering fees, administrative expense and project contingency funds.

Robinson spent Thursday morning consulting with representatives of Russell and Axon, engineering consultants, planning the door-to-door explanation of the referendum.

The canvass is expected to start within the next week.

The council postponed until the next meeting any action on the granting of a city peddler's license to an individual from a Miami firm which sells door-to-door.

Clarence Tilton, tax collector, said the applicant was granted a collector's permit pending the council's decision.

When the report was returned to Tilton, it showed that the applicant had been charged with several violations of the law in other cities. Tilton then came before the council to have

JOB and WORKER

J. W. Mosley, Jr., Representative Florida State Employment Service

Attention All Crew Leaders

All people transporting workers through South Carolina and North Carolina in buses or trucks are now required to obtain a permit in advance of entry. Last summer people were delayed and and hardships experienced because

J. W. Mosley, Jr. crews arrived at these state lines with no permit. We have ordered application forms for these transportation permits and they should be in our office by May 1st.

Job Finding . . . Often times the job of finding a job for you can become very tedious and trying occupation. Many job seekers have difficulty in finding a job because they go to it a slip shod, haphazard way.

A little self evaluation is always a big help. As yourself what you like to do, what kind of work you can do and are you physically and mentally able to do the job to the satisfaction of your future employer.

Getting a job is basically a selling job. Selling your services.

To be able to sell yourself, you must know your product, who the potential buyers are and which buyers are now or will shortly be the market for the services that you have to offer. Anyone seeking a new job should have a plan to work by in finding satisfactory employment.

The staff of your Employment Service is experienced at this and have the tools to assist you in your efforts to satisfactorily sell your services in the most advantageous manner.

Always remember, it is easier to get another job if you have a job. An employer generally feels that he gets a good worker when he hires a man who is already working. The advantage of the new employer must make a definite job commitment and morally obligated to follow through.

When the report was returned to Tilton, it showed that the applicant had been charged with several violations of the law in other cities. Tilton then came before the council to have

Shippers Say This Week Was Our Top

A consensus of shippers this week stated that they felt Monday was the top day of the week for produce in the Glades.

These opinions were stated to Fred Tuttle, manager of the Federal State Market News Service here, as he made his daily checks on activity.

Supplies of celery, escarole and corn were moderate this week while all other items were light.

Prices this week ranged moderately high for endive, moderate for beans, corn, Boston lettuce, romaine, parsley, potatoes and radishes while remaining items brought low prices.

Carlot equivalents moving by truck averaged 192 per day for the past five days.

While making his weekly report, Florida East Coast Commercial Agent R. E. Hotalar said carlot movement should be picking up during May; however, the average daily difference from last year.

PUT TWO young harvest queen candidates in a field one night and notice the growing abundance of the Glades. These two will with others vie for the title of harvest queen. Saturday, Josephine Martin (left) is sponsored by the Gold-Dobrow Taxistants and Berna Layfield (left) is sponsored by the United Growers.

Jaycees Present 4th Annual Queen Contest Saturday

The fourth annual Jaycee Chamber of Commerce Harvest Queen Contest will be held Saturday night at the Belle Glade High School auditorium at 8 p. m. A coronation ball will be held at 10 p. m. at the Belle Glade Municipal City Club.

Admission to the contest is one dollar while the donation to the ball will be three dollars per couple.

The theme of this year's contest is "The Salad Bowl," and decorations will include a ramp extending from the stage into the auditorium. The Jaycees are in charge of decorations.

Twenty-nine contestants from cities around the lake, Belle Glade, Pahokee, Canal Point and Clewiston, have been entered, sponsored by merchants, growers and packing houses from each area.

Judges will make their selection of the finalists based on the contestants' poise, personality and stage appearance. Judging the event will be Alex Gibson, WFTV personality, his wife, Bill Sweet, public relations director for Mackey Aircraft, Jean Tabard, West Palm Beach artist, and Miss Louise Garland Wilson, director of the Palm Beach School of Modeling.

A dinner is planned for the judges before the contest.

Following the introduction of guests and judges, Alex and Bonnie Gibson will present an entertaining act called music in pantomime. After the contest has been presented, this year's queen will be crowned by Mary Belle Schlechter, 1956 queen of the contest.

First prize will be an all-expense paid trip to New York for an interview with the Hartford Modeling Agency, an all-expense paid trip to Nassau for two, a three piece matched luggage set.

Belle Glade Nips Clewiston 3 - 2

By Jack McCallister

The most predictable feature of the Belle Glade High School baseball team is its unpredictability. This year's team has been the league champions on one day and stomped by the league cellar dwellers in the next game, but last Tuesday the Rams were tough in the clutches and managed to edge out Clewiston 3 to 2 with some sparkling base running and defensive play.

Dan Jones went the route on the mound for Belle Glade and grudgingly gave up two hits, one a "blooper" single over third and the other, a long fly ball that might have easily been handled for an out, had it not been misjudged. Jones walked four and struck out four.

The Rams could manager only five safeties off the offerings of Clewiston's hitters, who whiffed nine batters and walked four. But the Rams bunched three hits in the third and two in the fourth to score three runs, which proved to be sufficient.

Phil Crant was a ball of fire behind the plate and had two hits for three times at bat. Johnny Thomas performed well in the field and had two singles for three trips to the plate. Johnny scored two of the team runs.

Earl Armstrong had a single in two official trips to the plate and twiced three bases. Jimmy Webster contributed excellent defensive play at third base handling five chances without an error.

A long sacrifice fly ball by pinch hitter Morgan Tyson enabled Johnny Thomas to scamp

DECORATION like this in the bean fields won't help the price of beans, but it's good publicity for the Glades just the same. These two young ladies are harvest queen contestants. They'll appear with the other 27 contestants tomorrow night at the high school. \$1,250,000 Paid 5000 Glades Non-Farm Workers Monthly Says RDB Survey

How many year-round non-farm employees receive how much in annual payroll in the Glades?

How seasonal is the employment, and just what does the agricultural production season mean to the Glades in income?

What is the potential in purchasers of FHA or similarly financed homes?

Claude Shirley of Pahokee, as Chairman of the Glades Division of the Palm Beach County Resources Board, together with his Glades Directors, decided to find out the answers to these questions, and enlisted the cooperation of Lee Smith, Manager of the Florida Employment Service in the Glades, to conduct a survey.

The amazing statistics open the eyes of even those who thought they were students of Glades conditions.

Police Sergeant Jess A. Congleton Dies Here Monday

Funeral services for Jess A. Congleton, 45, well-known sergeant with the Belle Glade Police Department, were held Wednesday at 3 p. m. at Belle Glade Methodist Church with Reverend H. E. Garrett in charge.

Gravestone rites were conducted at Port Mayaca with Belle Glade Masonic Lodge F&AM 278 in charge.

Congleton suffered a heart attack Monday.

Besides his lodge affiliation, Sergeant Congleton was a member of the Fraternal Order of Police and the Belle Glade Police Officers Association. He has been a member of the police force since moving here from Orlando eight years ago.

A native of Florida, Alabama, Congleton is survived by his wife, Mary, who lives at 124 N. E. 4th Street; his mother, Mrs. Daisy Congleton, Orlando; and two sons, Douglas and Dean, both of Belle Glade.

Other survivors include a brother, Hugh C. Congleton of Orlando; and three sisters, Winifred Congleton of Washington, D. C.; and Mrs. J. A. Ford, Winter Park, Fla.

Active pallbearers were Charles Goodlett, V. R. Clark, Roy Trammel, Travis Poole, Eldon B. Walden and Louis Lowery.

Members of the Masonic lodge here served as honorary pallbearers.

Jobless Benefits Rise For March

Unemployment benefits rose by 17% during March, but remained well below the year-ago level, reports James T. Yocelle, head of the Florida Industrial Commission, in a statement released this week.

Last month the state paid out \$654,779 to jobless Floridians who were out of work through no fault of their own. This was \$28,200 below March of 1956.

Belle Glade and Key West employment service offices paid out the least of all other offices throughout the state during that month.

Key West paid \$1,594 up \$32 over February. Belle Glade's office paid out \$1,701 up \$515 over February.

One of the chief reasons for the small number of unemployment claims processed is that the Belle Glade office concen-

trates on finding other jobs for unemployed persons.

Belle Glade consistently has a low unemployment rate for that reason. The normal slackening off of the winter tourist season was listed as one of the major causes of the unemployment jump last month.

Bad weather and poor crop yield were also listed as major causes for unemployment in the Glades.

Weeks of unemployment covered by benefit payments numbered 30,917 contrasted with 32,265 for March, 1956. This reflects a sounder employment situation in the state as the number of jobs available has risen, Yocelle said.

Florida Retailers Assn. Looks For Big And Small Products In Our State

Search continues for the largest and smallest products made in Florida, the Florida State Retailers Association wrote Governor LeRoy Collins today.

Tuesday Governor Collins will present the state retail organization a bronze plaque for most effective promotion of the 1957 Festival of Florida Products in the state business association category.

Executive Director Dallas L. Stettler will receive the award from the Governor at a Tallahassee luncheon. The unique, state-wide search was one of the features of the group's participation in the Festival program.

A 138-ton oil barge and a tiny pin-size drill were nominated in their respective classifications in the largest and smallest competition. The association is anticipating other nominations in both classifications, to compete in the 1957 Festival program.

The barge is a Jacksonville product and the drill is manufactured in West Palm Beach.

Home Demonstration Week, Apr. 28 - May 3

National Home Demonstration Week, April 28 to May 4, will be observed thru out the 48 states, Alaska, Hawaii and Puerto Rico with 66,000 home demonstration clubs and similar organizations participating.

In Palm Beach County there are 238 members of home clubs and 850 4-H girls enrolled in clubs.

Aims of NHD Week are to acquaint the public with the cooperative Extension Service and its program planned by and for homemakers and to put research finding into use.

Leaders in the county are trained and aided by Mary Todd and Elizabeth Pierce, HD agents. The newest reliable information on such subjects as nutrition, clothing, housing, home furnishings, household equipment, home management, health and safety, child care and development, family relationship, marketing and consumer buying and public affairs are on the program.

The local HD Club will have a display of articles in the window of Daddy Dick's on Ave. A to show the public achievements accomplished during the past year. They will also participate by entering the dress review on Achievement Day in West Palm Beach.

Catholic Charities Bureau in Jacksonville, St. Petersburg and Miami work to mend broken homes, help in family and personal emergencies and each year place hundreds of homeless babies and children with Catholic families for adoption or care.

Much of this year's work will be supported by funds raised by a special collection that will be taken up in all Catholic churches February 17.

Glades District Green Corn Camporee For Boy Scouts Slated April 27 - 28

An invitation is extended to all persons interested in youth to attend the "Glades District Green Corn Camporee" at Fish-eating Creek, West of the Palm Dale Post Office, on Saturday and Sunday, April 27 - 28.

At this camporee the public will have an opportunity to observe the boy scouts in action and gain better understanding of what the scout program is and what it can do for our young people.

Bring your own lunch and attend any part of the program.

The scouts will meet Saturday morning at Gid Brown's Fruit Stand, Clewiston and on to Fish-eating Creek to set up camp, cook and have inspection. At 2 p. m. activities by patrols will take place including camp pass course and map reading, first aid, treasure hunt by compass, sports and many others. After swimming, supper and inspection, they will gather around the campfire and present patrol skits, sing scout songs and tell stories and hit the sack at 10. Adults and staff members will have a coffee hour for discussion at evaluation at 9:30 p. m.

Sunday morning at 6:45 workshop service will be led by Rev. Lewis Miner of Pahokee and followed by more activities. Each adult visitor will count 10 points in his or her troop's final score.

For further information call Tommy Lanier, Belle Glade Scout Master or Louis Mills, Pahokee, Jim Beardsley, Clewiston.

Mrs. Luville Unwin Dies At Pahokee

Last rites for Mrs. Luville Unwin, 52, of Pahokee, were held Tuesday at the First Baptist Church at Pahokee with Reverend James Boyd officiating.

Mrs. Unwin, a Glades resident since 1921, was a native of Duval County, Fla. She was a sister-in-law of Belle Glade City Commissioner J. Marvin Unwin.

She died Saturday at Everglades Memorial Hospital in Pahokee reportedly suffering from a heart attack.

Survivors include her husband, William V. Unwin; her mother, Mrs. Senia Crews, Fernandina, Fla.; and two daughters, Mrs. Christine Hatfield, Pahokee; and Mrs. Edna McCadden, Jay, Fla.

Others survivors are four brothers, J. J. Crews, Pahokee; John Crews, Jay, Fla.; J. N. Crews, Richmond, Va.; and Louis Crews, U. S. Army, Germany.

Her surviving sisters are Mrs. Nettie Pitts, Fort Meade, Fla.; Mrs. Eppie Williams, New Berlin, Ga.; Mrs. Estell Mobley, Fernandina; Mrs. Myrtle Mills, Myrtle Beach, S. C.; and Mrs. Alice Mosley, Jay.

Burial was at Port Mayaca with Westinghouse Funeral Home of Pahokee in charge. The deacons of the church served as pallbearers.

Former BG Fireman Is Chief In Winter Park

Robert S. Bair, who began his fire department experience as a volunteer with the city of Belle Glade in 1937 is now fire chief in Winter Park. Previous to his appointment he was an instructor with the Florida State Fire College at Ocala since 1954.

Bair served this community well according to Fire Chief Lawrence Will who recommended him very highly both as to his leadership and his fire fighting and administrative ability. Working with the fire department here he was employed as a full time fireman in 1941 and shortly became assistant chief until he joined the army serving three years. After being honorably discharged he returned and worked until August 1951. He then took a position with a fire apparatus manufacturer, becoming acquainted with all types of apparatus used here through out the state. He left this work to go with the State Fire College.

New Sidewalks Soon

New sidewalks, curb and gutter is being laid on SW 1st St. according to City Manager Clarence Robinson. The walk which parallels Everglades Federal Savings and Loan Association is being laid by the city at the loan firm's expense.

Produce Trucks Wreck Wednesday

One man was killed Wednesday when six trucks piled up on U. S. 441 near Okeechobee. Two of the trucks contained produce loaded in Belle Glade prior to the accident.

Trooper Hal Lee identified the victim as Ralph D. DeWitt, 35, of Ellerbe, N. C. He was hauling chichory and escarole for L. G. DeWitt, local broker.

Another truck driven by F. S. Deason had also loaded with chichory in Belle Glade and was being handled by L. D. Walker's brokerage firm.

Trooper Lee said the series of crashes began when a tomato truck driven by Jack Thomas, Jr. Port Pierce negro, side-swiped semi-trailer truck and littered the highway with tomatoes. Thomas kept going while the other truck stopped.

Two other trucks then stopped to give aid to the first. Then as the three trucks stood on or near the highway, two more trucks came along and failed to stop because of the litter on the road. Deason was driving the last truck to crash. Deason was only slightly injured.

Lee said the negro driver, Thomas, was arrested later in Port Pierce and charged with reckless driving, leaving the scene of an accident and driving without a license.

Deason was charged with failing to have his vehicle under control. Lee estimated the total damage at just over \$34,000.

CITY ACCEPTS FEDERAL (Continued from Page One) The applicant denied.

Tilton also sought preventive ordinances to keep undesirable solicitors and salesmen out of the city. He further stated that a fingerprint should be taken of everyone applying for a city license of that sort.

"It would be a protection for our city to keep these criminals out of our city," Tilton stated. "The people of this town are getting tired by about ten different firms by \$150,000 to \$200,000 per year."

Tilton said citizens should not do business with salesmen, solicitors or pitchmen who do not carry a city permit and Chamber of Commerce card.

Tilton also asked the council to provide penalties for those who violate signs forbidding door-to-door salesmen in homes.

In other action the council: Authorized the city manager to have lawyers draw and let the existing general order lines and rights of way adjacent to the Belle Glade Terminal subdivision.

Since the city has obtained a strip of land from the state to make an access road to the city, the council authorized the city to purchase the house to the City Properties Co. Withdraw the appropriation of \$5,000 for a recreation director in this year's budget.

There would be little need for one before the swimming pools were in operation.

Referred an application from City Sanitation Hilton Board for an increase in pay amounting to \$35 per month to the Civil Service Board.

Resolved to accept a Chamber of Commerce resolution asking that the Chamber property be deeded back to the board of directors and authorized the mayor to execute necessary papers.

Authorized a resolution of sympathy to the family of Sergeant J. A. Congleton. Agreed to purchase the old water plant building from the general fund.

Announced that bids on the swimming pool would be opened Monday at 2 p. m. and recessed their meeting until then.

Infant Negro Baby Is Found Alone On SW 5th

Juvenile Agent Gene Duncan stated this week that a 15 year old negro girl has been charged with infant abandonment for the third time concerning her five-month-old girl.

Duncan was called into the case after Belle Glade police found the infant alone in a room on SW 5th Street where it had been left without food or proper care for some time.

The baby girl was taken to Belle Glade Memorial Hospital for care and then turned over to a foster home.

The child's unwed mother was taken to police headquarters where it was learned that she had been serving time in Palm Beach County jail for a similar offense.

It was not known immediately what action would be taken against the young mother.

GLADES AGRICULTURE

A. Duda & Sons *Modern Housing Center* Is Ranked First In the State In Offering Facilities For Imported and Domestic Farm Labor.

A modern, well-equipped kitchen centered between two large dining rooms, will feed 300 men at one sitting. The project includes their own water plant and sewage disposal units. A recreation hall with radios and TV, Juke Box and Refreshment Stand will be added during the summer.

MODERN FARM LABOR CENTER

AERIAL VIEW of the complete farm labor center. Right foreground are the original buildings on the site purchased by A. Duda & Sons and used to house their farm labor. The CBS 'H' shaped structure in the background is comprised of the kitchen and two adjoining dining rooms (center) and the barracks on either side, with bath and toilet facilities centered between the two back wings. At far back (right) are the modern sewage disposal units. The company's own water plant is pictured in the far left front. The site adjoins Hillsboro canal on the Brown Farm road, just off state road 80 at Six Mile Bend.

IT IS UNLAWFUL FOR ANY PERSON OR PERSONS TO ENGAGE IN BUSINESS UNDER A BUSINESS NAME UNLESS THE NAME IS REGISTERED

The law reads as follows:

"It shall be unlawful for any person or persons, as defined herein, to engage in business as herein defined, under a fictitious name as herein defined, without and unless said fictitious name shall be registered with the clerk of the circuit court of the county where the principal place of business is, which registration shall consist of filing with the clerk aforesaid an affidavit signed by all interested persons, stating under oath the names of all those interested in the business enterprise, the extent of the interest of each, and the fictitious name under which said business is carried on. Said registration may not be made until the person or persons desiring to engage in business under a fictitious name shall have advertised his or their intention to register said fictitious name at least once a week for four (4) consecutive weeks in some newspaper as defined by law in the county where said registration is to be made, and said registration shall not be accepted by the clerk of the circuit court except upon receiving proof of such publication."

As interpreted by attorneys, a person may engage in business under his own name, (such as JOHN JONES), but if he uses any business name, (even such as JOHN JONES' FISH MARKET) he is required to register the name with the clerk of the circuit court in his county, and to advertise the name and ownership of his business.

Facts And Figures In FPL Report Show State's Industrial Expansion

Part 2

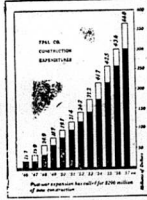

A new publication being mailed to some 40,000 security owners, influential brokers and investment bankers is the 1956 annual report of the Florida Power and Light Company.

The book makes convenient, comfortable reading for businessmen and laymen as well. Here are some of the points of the report.

The report points out that growth in employment and population results in an increase in consumer demand for manufactured goods, which is in turn constantly revitalizing the state's economic bloodstream.

For example, retail trade in Florida in 1956 topped \$5.5 billion, double the 1948 volume of 1948. Similarly, the demand for power has shown a rapid rise.

As McGregor Smith states it, "Keeping ahead of this steadily expanding economy is still

our biggest job. To meet it, our 10-year expansion outlook was boosted by \$61 million, bringing the total to \$496 million for the period ending in 1961.

In "meeting the challenge of unprecedented growth, FPL showed new construction expenditures to a new high of 43.6 million in 1955. In expansion, the Company moved far in

front of the national average. Its 1,000,000 kilowatt system is up 377% since V-J Day as against an increase of only 140% for the nation. Since 1945, FPL has invested \$295,800,000 in new construction of plants and facilities.

Four new FPL generators now under construction or on the drawing boards will give the statewide, inter-connected system a 64% increase in generating capability during the next three years. This 640,000 kilowatt of power is equal to all the power plants capacity in Florida on V-J Day, including both private and publicly owned plants.

The Company has under way two major transmission system additions, including an 80 mile, 138,000 volt line from Ft. Myers, connecting Tampa Electric's system north of Bradenton and a 190-mile, 240,000 volt line from Riviera to Sanford, the highest transmission voltage yet to be used in Florida.

During 1956, plans moved forward steadily for the development of a nuclear powered electric plant in Florida to be built by the Florida Nuclear Power Group, which includes Florida Power & Light Company and its two neighboring utilities. A top authority in reactor design, Dr. Walter H. Zinn, formerly director of the Argonne National Laboratory, was retained by the Group to develop the "conceptual design of a power reactor of an advanced type."

Drawing an interesting parallel between growth in the state and in the nation, the FPL report revealed a growth of 52,355 electric customers in 1956, reported a 186% gain over 1954, compared with 59% for the country as a whole.

The Florida Power & Light Company Annual Report has

won national recognition for its 1,000,000 kilowatt system is distinguished achievement in annual reporting for the past seven years. With this brilliantly conceived summary for 1956, in the words of one Florida editor, "The publicity hot and advertising wise FPL has done it again."

Development Program Provides For Growth

The Episcopal Church in the Diocese of South Florida, which extends from Ocala to Key West, has recently conducted a development fund program which will provide funds to allow the church to expand in this rapidly growing area.

Under the leadership of the Rt. Rev. Henry I. Louttit, D.D., bishop of the Diocese of South Florida, this effort has been most successful as the financial goal was over-subscribed by a large amount.

These funds will permit the Episcopal church to now enlarge its vital work in five fields, namely: aiding mission congregations in new population centers; addition and renovations at Bishop Gray Inn for aged persons, located at Davenport; building of a year-around conference and retreat center at Camp Wingmann near Avon Park; increased work on college campuses and contribution to University of the South in Tennessee; and a title of the funds to overseas work.

Mental Health Is Theme Of Play April 28th

One of the highlights for National Mental Health Week, April 28 - May 4 is a play sponsored by the Palm Beach County Mental Health Association and directed by Batchelor Owen, Norton Art Gallery director.

Owen will also narrate the play called, "Return To Thine Own House." The play was written by Nora Sterling, well-known for her many other plays about mental health.

The play will be presented Tuesday, April 30 at the Palm Beach Public School auditorium.

This play about the plight faced by many recovered mental patients on their return to their community will help raise funds to be sent to the 1957 Florida Mental Health campaign.

The cast was recruited from the Norton Gallery Players and Lake Worth Players.

"Sweetens Whole 'Inside,' Relieves Constipation — both overnight!"

"Who Says You Need Costly Shots To Relieve 'Hot Flashes' And Irritation From Change-Of-Life?"

Miss A. M. Watson, Ocala, Fla., writes, "Middle age was torture. Had costly shots 3 times a week but got no relief. Then took Pinkham's Tablets. They brought me new happiness, comfort."

Science offers women new freedom from much of the misery of change-of-life. It's the amazing new tablet developed especially to relieve these functionally-caused discomforts. Doctors reported sensational results using this remarkable home treatment plan... and no costly injections!

Relief for 8 out of 10 tested! Irritability, tortured nerves were calmed. Dismissed nervousness, general hot flashes subsided. Here's why. Unlike sedative and other "artificial" remedies, this new tablet "pinkens" remedies, this new tablet is a unique combination of special

medicines... acts directly on the cause of these troubles... works through a woman's sympathetic nervous system to relieve tense feelings, irritability and distress that bring unhappiness to so many. Now this amazing formula is at drugstores without prescription. Ask for "Lydia Pinkham's Tablets" or "Joy's Get Happy Pinkham's Tablets." See how fast you can feel your happy self again — without costly shots! (Also liquid Lydia E. Pinkham's Vegetable Compound.)
